

Free Shipping to the Classroom Is Back!

Dear Parents & Families,

I am so excited to share that free shipping to the school has returned to Reading Club!

When you **ship your order to the classroom** using my Class Code, your order will ship for **free** as part of a \$40 consolidated classroom order. This means that families can place orders for as little as \$3 and every child has the opportunity to have their own books.

The rewards earned through my **Class Code** will be put towards books and teaching resources that every child in the class can use.

Please place your order online by _____
using my Class Code: _____ .

I will submit our classroom order shortly after the due date.

Happy Reading!
Your Teacher
